^Free Shipping on orders over \$50 for Australian orders only.

RRP - The RRP against which any savings comparisons we make to the listed sale price for products displayed on this website is: the supplier's recommended retail price for the product, provided that this is a price at or above which at least 5% of Australian Pharmacy Transactions* have occurred for that product within the previous 2 months; or if at least 5% of Australian Pharmacy Transactions* for that product in the previous two months did not occur at or above the supplier's recommended retail price, the RRP will be the price at or above which at least 5% of Australian Pharmacy Transactions* occurred within the last 2 months. All prices quoted on the Website or pursuant to your enquiry with us are in Australian Dollars (AUD). These are shown to give you an indication of the saving you will make compared to buying from a standard retail pharmacy. These prices have been obtained through regular price matching and are actual prices from retail stores. We cannot show SRP prices for all products due to database restrictions and the fact that some of our products cannot be purchased in retail pharmacies.
